THE DECISION TO LIST
YOUR COMPANY ON
THE BUCHAREST
STOCK EXCHANGE

SHARE FUNDING VIA CAPITAL MARKET

■ CAPITAL MARKET
■ BANK LOANS

U.S.A

In USA, 80% of companies funding is ensured by capital market and only 20% through bank loans.

EU.

In Europe, the percentages are reversed. Companies attract their financing through capital markets in proportion of 20% while bank loans represent 80%.

Romania

In Romania, a small percentage of entrepreneurs take into consideration the funding through the Stock Exchange.

TENDENCIES REGARDING FINANCING IN ROMANIA

Romanian companies use the following funding methods:

- Financing through bank loans - the traditional method, the most used by Romanian companies and, most of the times, more expensive.
- Financing through private investment funds (business angels, other private equity funds).
- Financing through bonds issuing, with or without listing them on the Stock Exchange.
- Financing through capital market.

Each funding method has its specific advantages and disadvantages, in relation to which the optimal alternative for your company is evaluated.

ADVANTAGES AND DISADVANTAGES OF LISTING ON THE CAPITAL MARKET

ADVANTAGES

DISADVANTAGES

FINANCING

- Financing for business development
